

Hello Stormer Guests,

Here is the latest information we have at this point for your trip to Stormer.

1. No Covid pre-test prior to crossing border.

You still can be selected randomly to do a Covid test by the border agents. Your two options if you get randomly selected are to stop somewhere in the Canadian Town you are crossing into, such as Fort Frances and follow the test procedures on the box. You obviously will need to use a smart phone or tablet to do this. We are not 100% sure where the courier service is in Fort Frances but just ask at the border agent and they should know or ask the nurse on the video call.

Your second option is to drive up to the lodge and use our internet on your phone, computer or our computer. However, if you do the test at our lodge, you will need to drive back down to Red Lake or Ear Falls to have the local courier service pick up your test kit.

If you test positive with the random test kit, you can either quarantine at the lodge or go home straight away.

2. YOU HAVE TO BE VACCINATED TO CROSS THE BORDER INTO CANADA.

We know this is not what you or us want to hear. We thought the vaccination requirement would be gone by now but it isn't. We suspect it will last throughout the summer as this is the high time for tourism. We are crossing our fingers this changes. Now, if you are waiting until just prior to your week at Stormer to see if they change the vaccination policy, this puts our economical situation in a poor position. It is almost impossible to rebook your cabin so we hope you will contact us now if you are not vaccinated.

3. You will need to fill out the ARRIVECAN App on your phone, computer or tablet no earlier than 3 days prior to your arrival.

It is fairly straight forward. If you have any questions, email us. We believe that one person can fill out the ARRIVECAN app for the group but we are not positive if there are any stipulations in doing this method. You can all do it individually if you like.

They will ask for an address for Stormer on the ARRIVECAN app:

Stormer Lake Lodge
857 Nungesser Rd
Red Lake ON P0V 2M0

4. We will have minnows, leeches and nightcrawlers at the lodge for sale.

5. Purchase your fishing license prior to arriving to the lodge.

We do not sell fishing license at the lodge. You can purchase your license online from our website homepage but clicking on the ONTARIO link near the bottom. Otherwise, you can purchase at many places in your drive up. The most popular places we tell

people to purchase licenses are Dutchies in Perrault Falls or in International Falls at The Great Bear Store on the way out of town.

6. We do not sell alcoholic beverages at the lodge.

You are allowed one case of beer or 1 bottle of liquor duty free when crossing the border. Any more and you will pay duty. International Falls, Dryden, Vermillion Bay, Ear Falls and Red Lake all sell "fish catching stretching the truth juice".

7. We do not accept Credit Cards at the lodge.

Cash or Personal check is accepted.

8. There are no travel issues from the border of Fort Frances to the lodge.

All road washouts have been repaired with gravel.

Fishing has been nothing short if incredible. If you have been here in the past you know this to be true.

We hope this helps.
